## Autumn Break Holiday Homework

### Class – V

**English :-** Do page 12 to 14 in holiday homework book.

**HINDI :** Do page No. 24, 25, 26 in holiday homework book.

**Maths :-** Do page 42 & 45 in holiday homework book.

#### Science :-

##### **1. Roll number- 1 to 10 Model Idea:**

##### **Title: "3D Plant Adaptations Model"**

Description: Use clay or craft materials to create a 3D model showing various plant adaptations like cactus spines for deserts, broad leaves for water plants, and waxy leaves for plants in rainforests. Label each adaptation and explain its purpose.

##### **2. Roll number- 11 to 20 Model Idea:**

##### **Title: "Animal Life Cycle Models"**

Description: Create a rotating wheel or 3D models showing the life cycle of a butterfly or a frog, from egg to adult. Use materials like paper, cardboard, and clay to illustrate each stage.

##### **3. Roll number- 21 to 30 Model Idea:**

##### **Title: "Animal Habitat Diorama"**

Description: Build a diorama (a 3D model in a box) showing a specific habitat, like the desert or the rainforest. Use toy animals or create animals using craft materials and show how they have adapted to live in that environment.

##### **4. Roll number- 31 to 43**

##### **Title: "Soil Layers Model"**

Description: Create a layered model using clear jars or plastic containers to show the different layers of soil (topsoil, subsoil, bedrock). Use materials like sand, soil, and pebbles to represent each layer.

**Social Science :-** Prepare a slogan on "Environmental Pollution" on a A4 size sheet.

**NOTE:-** Holiday Homework has to be submitted after Diwali Break.
